Rayen Dammak is mostly well behaved and attentive in class and is happy to help other students when they need assistance.

He is doing well and trying hard to speak more and participate in class. He shows initiative and thinks things through for himself. He takes pride in the work that he does and is very proactive in class. His pronunciation is very clear and easy to understand. Although he has a quiet nature, he nonetheless makes an effort to speak up in class. He would benefit from trying to use full sentences in English when he speaks.

Rayen is an excellent reader and I encourage him to stretch himself by reading more complex books at home. He has learned a lot of vocabulary and grammar in the past few months so his comprehension is much better now. In listening exercises and activities, he does incredibly well. He listens attentively and always understands what I'm explaining to the class.

Rayen Dammak has exhibited a solid grasp of the English topics we have covered in class. With a little more effort on his part I am sure Rayen will have much success in his future English studies.
